ABOUT US

Hurstville Adventist School is a co-educational Christian school for students from Pre-Kindy to Year 6.

We offer your child an educational opportunity that builds on a strong foundation in key learning areas. We challenge each student to discover their particular gifts and talents and believe that each child is special.

Our unique school size and structure allows our team to focus personal attention on your child. We provide a nurturing and caring learning environment where Christian values are upheld.

PRE-KINDY

Our Pre-Kindy program for 3.5 to 5 year olds is a time of play, socialisation, exploration and all important early learning.

Our Pre-Kindy students develop school-readiness skills, becoming confident and curious learners, in a caring and nurturing environment. The NSW Early Stage Syllabus provides the basis for our combination of child-led and teacher-initiated activities that are designed to help your child's curiosity, creativity, confidence and interpersonal skills flourish.

Co-located on school grounds, our Pre-Kindy program familiarises your child with our teachers, students, philosophy and school routines so that they make a smooth transition to Kindergarten and Primary School.

PRIMARY SCHOOL

Primary School is a dynamic environment where we foster a sense of belonging, a love of learning, and a deeper relationship with God.

With nurture and encouragement the key components of classroom culture, Primary School helps students grow in confidence, interact in more depth with new knowledge and skills, learn from one another, develop learning responsibility and a growth mindset.

With an emphasis on literacy and numeracy, our desire is to see students engage positively with their learning as they become active thinkers and strive to reach their potential in a positive learning environment.

There are a variety of opportunities for our students to embrace challenges and develop resilience. Biblical studies, music, sport and technology provide opportunities for our students to develop their individual interests and talents.

OUR TEACHING PHILOSOPHY

Values-based teaching is central to guiding students towards making wise decisions, meeting new challenges head on, helping those in need and approaching learning with enthusiasm.

We teach our students to value relationships, appreciate diversity, act with integrity, commit to service, celebrate achievement, practice Christianity and develop resilience.

Our teachers promote learning through a wide range of teaching approaches with lessons designed to help students add new competencies and further their thinking skills.

Students are encouraged to develop a relationship with Jesus through religious studies and weekly worship services. Our chaplain provides support to students, staff and school families regardless of their faith.

We teach respect for other cultures, promote compassion, and embrace every individual in our school community.

FACILITIES & TRANSPORT

In a safe and protected setting in Wright Street, Hurstville, we are well-serviced by our school's private buses that safely transport school children in surrounding suburbs to and from their homes. Our well-kept buildings and attractive grounds provide the perfect environment for young minds to flourish and grow.

PRINCIPAL'S STATEMENT

We are more than just a school; we are a vibrant, diverse community where families from various cultural and religious backgrounds come together, and every child belongs. Invest in your child's future today.

Mrs Erika Ratu, *Principal*
